# Overview

- 1.1 Features
- **1.2 System Requirements**
- 1.3 Install, Uninstall, Update

# **Key Features**

- Create notes
- Set reminders
- Back up notes and reminders to your OneDrive and Dropbox
- Sync data from OneDrive and Dropbox
- Recover deleted notes from built-in Recycle Bin
- Rich text in notes & reminders
- Support using keywords to search for reminders and notes

# **System Requirements**

Wise Note will run on any PC running Microsoft Windows XP and later. If you're running one of the following operating systems, it's OK to run Wise Note:

- 1. Windows 11 (All Windows editions, only 64-bit)
- 2. Windows 10 (All Windows editions, only 64-bit)

Since Wise Note is a small and quick program, it takes less memory and needs fewer hard drive requirements.

Wise Note does not support Mac OS or Linux.

# Download, Install, Uninstall and Upgrade

You can refer to the following instructions about how to download Wise Note, how to install Wise Note, how to uninstall WiseNote, how to update Wise Note.

### 1. Download

You are always welcome to download Wise Note from our official site:

Homepage: https://www.wisecleaner.com

Wise Note: https://www.wisecleaner.com/wise-note.html

Download Center: https://www.wisecleaner.com/download.html

# 2. Install

After downloading, please find the Wise Note installation file in the download folder. The default path is **C:\Users\your name\Downloads** 

WiseNote\_1.0.1.235.exe

Then double click on it, and click [ Yes ] after the dialog box appears.

Then the installer will start automatically and will guide you through the rest of the installation process.

### 3. Remove / Uninstall

There are 3 methods to uninstall a program. Please ensure that the application has been closed.

#### Method 1: Use Wise Program Uninstaller

If you have installed **Wise Program Uninstaller**, just open it, scroll and find the program you want to uninstall, select it, and then click [**Safe Uninstall**]. This is the simplest way to uninstall a program and no leftovers.

# 4. Upgrade

Everytime when you launch Wise Note, the Confirm window will pop up if there is a new version available to ask you to update.

Also, you can download the latest version from the Download Center. Please ensure Wise Note has been closed, and then install the latest version.

The minor upgrade can directly install the new version (for example: 1.0-1.x). The major upgrade needs to uninstall the old version, and then install the new version (for example: 1.x-2.x)

# How to use

- 2.1 Reminders
- 2.2 All Notes
- 2.3 My Folder
- 2.4 Starred
- 2.5 Search
- 2.6 Recycle Bin

# Reminders

To create a reminder, please click [**Reminders**] in the left sidebar. The image below is the main interface of Wise Note's Reminders.

When expanded, you'll see 5 categories under Reminders.

- Today: Shows reminders due today.
- **One Week**: Lists reminders scheduled for the current week.
- One Month: Displays reminders due within the current month.
- Unfinished: Shows all active reminders that still need to be done.
- Completed: Lists all reminders that have been marked as finished.

# About WiseCleaner

#### Who are we?

WiseCleaner started in February 2005 after many years of preparation. The company specializes in developing freeware and shareware for Windows, system tune-up utilities, and other software, such as our "Free YouTube Utility". Presently, many senior tech members work for the company. And we are setting up a special retail system and support network to provide the best possible service. The company is expanding into diverse forms of system utilities for our customers.
